

Work Package 4 Module 5

Inclusive, differentiated, and learner-supportive uses of AI

Handout for Module 5 (WP4),

Inclusive, differentiated, and learner-supportive uses of AI

Outline - recommended 120-minute sequence:

Time	Stage	Materials on AI-NYELV GoogleDisc in Module 5 section
0-15 min	Warm-up activity	<i>Module 5 Activity 1</i>
15-30 min	Presentation (theory input)	<i>Module 5 presentation</i> <i>Module 5 presentation handout</i>
30-60 min	Exercise 1 and Exercise 2 Participants are divided into 2 groups. Group 1 is given Exercise 1 and Group 2 is given Exercise 2	<i>Module 5 Exercise 1 materials folder</i> <i>Module 5 Exercise 2 materials folder</i>
60-80 min	Discussion, group work A representative of every group shortly describes the task and the way it was completed. The emphasis is put on the expected outcomes and real outcomes, problems that occurred and general opinion. Then the discussion starts.	<i>Module 5 Activity 2</i>
80-120 min	Concluding part Key take-aways; short questionnaire in Google Forms	<i>Module 5 Activity 3</i> <i>Module 5 Google Form</i>

IMPORTANT

Before the workshop:

- prepare all the materials needed for Module 5 on Google Disc for participants or send the materials to them by email.
- Make sure they have access to internet via their smartphones, tablets or computers.
